

### **Announcement to Students and Tutors: Key Activities for End of Semester 2 and Beginning of Semester 1**

BOU students and Tutors are informed that the following key activities will take place as follows:

1. Student Online Registrations for Semester 1 – up to 30<sup>th</sup> August 2020
2. Student Inductions – They receive induction materials online as they register
3. Semester 2 Results Queries – up to 25<sup>th</sup> August 2020. The queries are lodged at the students' respective Regional Campuses by completing the Examination Query and Appeals Form BOC Q1 and sending it by either fax or email to the Assessment and Examinations Officer. The Form is accessible from BOU website at [www.bou.ac.bw](http://www.bou.ac.bw), under Student Centre.
4. Special Summative Assessments – 17-28 August 2020.

Please note that the adjustment to the schedules of activities is necessary to ensure that outstanding activities are concluded seamlessly given the fluid situation we find ourselves as we grapple with lockdown challenges and related uncertainties. For example, there is need to address the student assessment queries before they sit the Special Summative Assessments. Similarly, students need time to process their registrations for Semester 1 as this was affected by the lockdown as well as malfunctioning of the E-payment.

Thank you.
