KANG REGION ENGAGES ITS STAKEHOLDERS

Kang Regional Campus held a leadership stakeholder engagement meeting recently to engage with stakeholders deemed key to drive the mandate of the University and take BOU closer to the community. The engagement meeting was also meant to strengthen the working relationship and sensitize them about the programmes and services offered by BOU. "It is our belief at BOU that without you, it would not be easy for the University to fully participate in the development of Kang and surrounding communities in which we operate. We strongly believe that it is through strong partnerships and engagements such as these that we can all be made aware of the importance of education for the benefit of those who will be driving our communities tomorrow", said the Kang Regional Director, Ms Seabelo. In attendance was also the village Chief, Kgosi Phori who encouraged attendees to make this an opportunity for fruitful partnerships that will benefit all.
